

Finding Ft. George is the poetic record of Rob Budde's growing love of Prince George and the Cariboo north-central region of BC. The poems are an act of discovery and they describe the various social, political, historical and environmental systems that Budde encounters with the eye of a patient, astute observer. Engaging in the language of location, each poem explores a place, a time and the process of building a relationship between the two. Sometimes gritty, sometimes ironic, sometimes barely able to see the place at all, the poems are all love poems to a new home--gifts of arrival.

Indeed, Finding Ft. George is as much about breaking through the centre-periphery divide, about breaking through perception, as it is about Budde's love of Finding Ft. George by Rob Budde. (Madeira Park BC: Caitlin Press, , pp. , \$). So much about poetry in Canada seems to be about physical.
