

This book examines foreign direct investment in a changing world economy. It offers case-studies of this investment in different national and industrial contexts. Firms and countries have encountered mixed results in using this investment to further their foreign leverage. Conversely, potential host countries have faced different opportunities and constraints in attracting or utilizing foreign capital for their development. Although some countries have been relatively successful, most do not appear to be well positioned to take advantage of the ongoing processes of globalization of national economies.

Going Nomadic: RVing Made Simple, The Dominance Factor: How Knowing Your Dominant Eye, Ear, Brain, Hand & Foot Can Improve Your Learning, Seasons of Change: A 90 Day Transformational Guide, Stalkers and their Victims, Retrieving the Radical Tillich: His Legacy and Contemporary Importance (Radical Theologies), Indian finance, currency and banking, Destination Unexpected, The Y2K Survival Guide and Cookbook,
